SENIOR VICE PRINCIPAL'S MESSAGE

“What makes a child gifted and talented may not always be good grades in school, but a different way of looking at the world and learning.”

My Dear Students,

As the academic year is ending, I look back and see so many success stories; our students excelling in academics, some giving their best in sports, a few delighting us with their dramatic talent, the scientifically inclined exploring the fields of robotics and coding; all of this culminating in the spirit of learning and never letting any setback distract you from your goals.

At Learning Alliance it is our aim to not just fill the minds of the students with facts but to propel them on a path to sound character, strength of mind and an expansion of vision. Our aim is to develop lifelong learners, students who do not believe in limiting their learning process to just the classroom but also taking each and every aspect of life as a possibility to expanding their horizons.

We now have the opportunity to relax during the summer and come back with a renewed spirit of learning and making new memories. I anticipate that the academic year 2023-24 is going to be even more exciting and full of promises.

Regards,

Saima Rahman

Senior Vice Principal

SENIOR SCHOOL VICE PRINCIPAL'S MESSAGE

Dear Students and Faculty,

I am thrilled to present to you the latest digital edition of our school magazine and yearbook, focusing on the theme of sustainable development. Within its pages you will find a treasure trove of original writings, vibrant artwork and a captivating pictorial showcase highlighting the remarkable achievements and successes of our students. You will also get a glimpse into the life here at Aziz Avenue. These events reflect our unwavering commitment to nurturing well-rounded individuals who excel not only academically but also in the co-curricular realm.

First and foremost, I would like to extend my heartfelt congratulations to our O-Level Graduating Class of 2022 for their outstanding Cambridge Assessment International Education (CAIE) results. Their exceptional achievements, with an impressive 82% of all grades being A*-B, are a testament to their hard work, dedication, and the unwavering support of our exceptional faculty.

One of the highlights of the past year has been the elaborate annual plays organized by our talented students. Grade VI enchanted us with a vibrant and interactive theatrical performance titled Arabian Nights, showcasing their creativity and extraordinary teamwork. Equally captivating was the historical depiction of Nizam Saka in the form of a humorous Urdu drama presented by the students of grade VII and VIII.

Furthermore, our school has been a hub of various competitions throughout the year, fostering healthy competition among our students. From Mathematics competitions and charity drives to public speaking and sporting events, our students have not only deepened their understanding of various subjects but also enhanced crucial life skills. Their unwavering passion for personal growth as well-rounded individuals is commendable.

Nurturing leadership and collaborative skills amongst our students is of paramount importance. The recently concluded FIDE Rated Chess Championship exemplified this spirit, as our student council took complete responsibility for executing the event with great success. Looking ahead, I am thrilled to announce that Learning Alliance Aziz Avenue will host the Debating Society Pakistan's Regional (Central) Championship in the upcoming academic year. This exciting event will provide a platform for young minds from diverse backgrounds to engage in thought-provoking discussions, while our student council and the student body at large will acquire valuable organizational and managerial skills.

As we celebrate the achievements of our students and eagerly anticipate the opportunities that lie ahead, let us remember that sustainable development is not merely a theme for our magazine, but a guiding principle that demands our attention. I earnestly urge all our students to deepen their awareness of sustainable practices and implement them not only in their homes but also within our school. As Learning Alliance students, I see each one of you as empowered, global citizens who have the potential to make a positive impact on the world.

Lastly, I extend my deepest appreciation to all the young writers; poets and artists for their remarkable contributions, and to the dedicated students of our Media and Publications Society who despite their ongoing CAIEs were able to help bring the magazine and yearbook to life.

JUNIOR SCHOOL VICE PRINCIPAL'S MESSAGE

The academic year 2022-23 has passed in a whirlwind, from welcoming the new students in August to preparing for the final exams. It is a point of pride to see our young scholars full of enthusiasm, be it in the classroom or the playing fields, learning something new each day.

The year began with a renewed vision of solidarity at Learning Alliance, as students worked diligently in planning and executing flood relief drives to rehabilitate those affected by flooding. Bake sales, sports matches and various other events were held to raise funds which were later given to a trusted organization, Akhuwat Foundation for their flood relief programme. The remarkable effort and spirit exhibited by the students is a hallmark of what we work so hard to achieve: A global citizen capable of feeling empathy for his/her fellow humans and working hard to help those in need.

We offer a unique blend of academics and creative activities which are successful in molding the students into creative thinkers and bringing out their latent talents. Our academic goals are supplemented by a child centric environment, caring teachers, and effective support programmes.

With the summer vacations upon us, I hope everyone enjoys the relaxing break and prepares to come back to school with renewed vigor, because one thing is for sure, we will all embark on new journeys of learning and development come August.

Wellbeing Department Head's *Message*

Inclusivity First

In the modern world, we strive to promote 'inclusivity' during a young adult's phase of social development. We encourage inclusivity and acceptance of people along with their physical, mental, economic, and social differences. Why do we do that, one might ask? Why is inclusivity the core we prefer to focus on?

It is proven that inclusivity promotes well-being, lowers cortisol, and boosts growth not only in the individual being included but also in the people who are included in others. In my belief, from the roots of inclusivity stems the plant of belonging and self-esteem that grows into a mighty tree that is 'exclusive' in its form. The cycle of true exclusivity we might say then, begins with inclusivity.

However, sometimes we unknowingly reverse the cycle of nature for our children and ourselves. We promote a sense of being exclusive at an early age, a sense of being different, being better, and deserving more. This feeling of being exclusive separates us from the core human need for belonging resulting in eventual self-doubt and low self-esteem, which could stay with us for the most part of our productive lives.

I call it 'negative exclusivity'. There is evidence of emotional problems directly related to negative exclusivity. Maybe it is time for us to ponder upon the need to seem exclusive, especially as young adults. Maybe it is time to review how this concept could damage vulnerable minds for a lifetime.

Let us promote a natural progression in mental growth and learning. Let us follow the pathway nature shows us. Let us work toward 'Inclusivity first'.

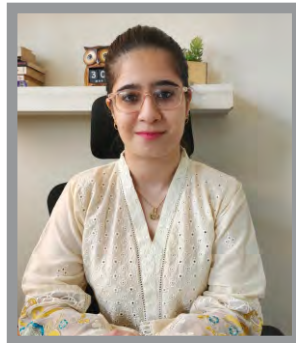

Best wishes,

Afshan Mirza,

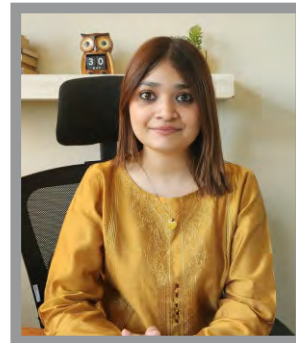

Head of Student Wellbeing Department

STUDENT WELLBEING DEPARTMENT

School Psychologist

Noor ul Ain
School Psychologist

The well-being of our students has always been at the core of all our learning and teaching at Learning Alliance. The Student Wellbeing Department continues to conduct awareness and development programs in this regard.

This year our focus was on inclusivity and acceptance. To foster these values among the students, the Student Wellbeing Department (SWD) introduced the 'Me to We' program which came from the 'We School' idea. This program was conducted from Class I to Class VIII, where various activities were conducted to create an awareness of what wellbeing is and how it can be achieved in a group and as individuals.

This term, we also conducted a pilot project of wellbeing classes in classes VI to VIII. These sessions focused on healthy emotion regulation and maintaining healthy circadian rhythms along with a practical approach for exam preparation without an element of stress.

The SWD aims to make our school environment inclusive and empathetic.

HEAD BOY'S MESSAGE

As I complete my journey being the Head Boy of Learning Alliance, I reflect upon the invaluable principles that this experience has imparted to me. It has profoundly enlightened me about the power of leadership and the ability to steer my student council and effectuate transformative endeavors at Aziz Avenue. Holding this position empowered me to serve as a source of energy and guidance for my fellow students. I have imbibed the essence of setting a remarkable precedent and embodying the epitome of my excellence across sports, academics, public speaking, performing arts, and a multitude of talents. I embraced all opportunities of illuminating our institution's name and surpassed all previous benchmarks by becoming the preeminent debater our school has ever witnessed. As I pass the torch, I aspire that our future Head Boy shines with unparalleled brilliance and I extend my best wishes to the batch of 2024 as they embark on their last year at Learning Alliance.

HEAD GIRL'S MESSAGE

It is with a bittersweet heart that I write this note today, as my time as the Head Girl of our Learning Alliance has come to an end. This past year has been filled with many cherished memories, personal growth, and incredible experiences, and I am immensely grateful for the opportunity to have served as Head girl.

First and foremost, I would like to express my heartfelt gratitude to each and every one of you for entrusting me with this responsibility and I hope to have reached everyone's expectations. Your support, enthusiasm, and dedication have been the driving force behind our collective achievements. Together, we overcame challenges, celebrated victories, and created a vibrant school community.

My primary aim was to foster unity and promote a sense of belonging among all members of our institution. I tried my best to make sure everyone's opinion was taken into account and to build an environment where everyone's voice was heard and valued. I believe that the strength of our school depends on our ability to come together, uplift and celebrate one another.

I would like to express my gratitude towards my teachers, staff and administration for their limitless support and guidance throughout my journey. I would not have done anything without them and would not be where I am today without their immense support.

As I bid farewell to this amazing chapter of my life, I want to extend my best wishes to you. May your dreams soar high and your passions ignite. All the memories we created together will stay close to my heart forever.
