Principal's Note

As we approach the conclusion of yet another school year, I am delighted by the remarkable achievements of our students and am equally compelled to commend their significant strides in character development.

Our students demonstrated exceptional leadership and organisational abilities in overseeing the seamless execution of the second edition of MUN@LA II. This Model United Nations event served as a testament to their adeptness not only in public speaking but also in navigating complex diplomatic discussions on an international platform.

The fourth edition of our Sports Mega event, Sportacus IV, attracted participation from schools across the city, showcasing a vibrant display of athleticism and camaraderie. It was heartening to witness the spirit of teamwork and sportsmanship among the participants, serving as a testament to the potential of our youth as both physically active and responsible individuals.

Our Annual Plays, Presentations and Declamations provided our students with valuable opportunities to refine their public speaking skills in a supportive and engaging environment. The national trips offered our students invaluable exposure and opportunities. They returned with a renewed sense of purpose and a broader perspective, aligning with our commitment to staying abreast of evolving academic standards beyond the confines of our campus.

Additionally, the remarkable successes of our A Level graduates, who have secured admissions at esteemed universities, speak volumes about their unwavering commitment and the steadfast guidance provided by our faculty.

Students, I encourage you to continue pursuing academic endeavours that offer avenues for growth and foster a deep appreciation for learning beyond the mere dissemination of information. Your journey of exploration and discovery is key to unlocking your full potential.

Lastly, I extend my heartfelt gratitude to our team, consisting of students, teachers, and parents, whose unwavering support and cooperation have been the cornerstone of our achievements. Your collective efforts have propelled us forward, and I am truly thankful for your dedication and commitment. Thank you for being an indispensable part of our school community as we strive to cultivate bright futures together.

Zaira Malik

SENIOR VICE PRINCIPAL'S NOTE

Congratulations to the students, teaching faculty, and administrative staff of Learning Alliance Faisalabad on completing yet another excellent year. The academic prowess of our students has always been our defining feature and offers from the best medical colleges locally and leading UK & US universities for our graduating A-level class is a testament to that hallmark.

Our commitment to enhancing the student experience has led us to focus on classroom quality and providing learning opportunities beyond the school to shape young boys and girls who are ready to take on the world. Our students have successfully juggled academics alongside co-curricular activities. They have shown their ability to be all-rounders, whether it is on the field or the stage, and they have displayed many talents during this year. Through multiple societies, senior school students availed the opportunity to conduct activities and events. From community service to entrepreneurship, from acting to debating, the Faisalabad campus has been buzzing with vibrant spirit this past year.

We have a close-knit school community in which students from Preschool to A Level study on the same campus. This shared journey helps to develop a strong sense of school identity, camaraderie, and cohesiveness and I am sure this will be palpable as you flip through the pages of the yearbook and magazine.

As we bid farewell to the school year, remember that the summer holidays are not just a break from schoolwork, but a valuable opportunity for personal growth and enrichment. Seize the moment, embrace new experiences, and make this summer one to remember. Read voraciously, nurture a hobby and connect with the world around you.

Wishing you all a safe, happy, and fulfilling summer break.

Maira Alzal Nadir

VICE PRINCIPAL'S NOTE | SENIOR SCHOOL

As we bid adieu to another remarkable year at Learning Alliance, it fills me with immense pride to reflect on the myriad achievements of our students, who have once again surpassed expectations and illuminated our institution with their brilliance. The journey commenced with a triumphant display of academic excellence by our O & A Level students, setting an impressive precedent with an outstanding performance. Boasting an exceptional 50% A*s and A's in O Level and a remarkable 53% A*s and Bs in A Level, our students have demonstrated their commitment to academic excellence from the outset.

Following this academic triumph, the eagerly anticipated events of the year, including The Proclamation and the Meritorious Awards, took centre stage, adding to the excitement and sense of achievement within our school community. This cherished tradition saw our students adorned with well-deserved accolades, igniting a wave of celebration that reverberated throughout the campus. The spirit of competition soared to new heights with the fourth edition of Sportacus IV, where our A Level students showcased their sporting prowess, further cementing our reputation as a force to be reckoned with in the city's sporting arena. Additionally, the Annual Urdu Declamations provided a platform for our students to showcase their eloquence and command over public speaking, while the successful organization of Learning Alliance Faisalabad Model United Nations (MUN@LA II) underscored our commitment to fostering intellectual discourse and global citizenship. The students of the Environment Society spearheaded outstanding modelling projects, fostering creativity, innovation, and raising awareness about critical environmental issues.

In diverse realms spanning Arts and Crafts, Essay Writing, Swimming, and Linguistic Abilities, our Senior School students have consistently demonstrated exceptional proficiency, thereby bringing laurels to our institution on a national platform. Our A Level graduates have secured acceptances at esteemed universities such as NJIT, University of Texas, Queen Mary University of London, University of St Andrews, University of California, Riverside, and more, which is a testament to their dedication and our faculty's support.

As we reflect on the past year, I extend my heartfelt gratitude to our students, parents, and faculty for their steadfast dedication and unwavering support, which have been instrumental in propelling Learning Alliance Faisalabad to the forefront of educational excellence. Here's to even greater achievements and brighter horizons in the years to come. Hoping everyone has a great summer filled with happiness and inspiration!

Waleed Ahmad

VICE PRINCIPAL'S NOTE | JUNIOR SCHOOL

As we stand at the threshold of another exciting chapter in our academic journey, I am filled with anticipation and gratitude for the experiences that lie ahead. Throughout this school year, we have embarked on a remarkable voyage of growth, learning, and unforgettable moments.

Reflecting on the diverse range of events that have enriched our school community, I am delighted to spotlight the outstanding performances in our plays, presentations, declamation competitions, and the inaugural "Monologue Muse - Expressions Unleashed" event. These platforms have not only showcased the immense talent within our student body but also fostered creativity, self-expression, and artistic exploration.

Moreover, our sports activities, educational trips, essay writing competitions, and the exhilarating Math Whizz challenge have added depth and diversity to our school experience. These activities have provided opportunities for students to excel, collaborate, and discover their passions beyond the confines of the classroom, enriching their holistic development.

Students, in today's digital landscape, students must navigate the online realm with care and responsibility. As we look forward to the summer break and the freedom it brings, I urge you to remain vigilant and mindful of your digital footprints.

Safeguard your personal information, foster positive interactions online, and seek guidance from trusted adults if you encounter any challenges.

Additionally, exercise caution regarding the misuse of technology, including exposure to violent games and the proliferation of disruptive content. By exercising prudence and responsibility in your online activities, you can ensure a safe and enriching digital experience.

Let us carry forward the lessons learned, and the friendships forged this year and embrace the spirit of curiosity, kindness, and resilience, knowing that your potential is limitless. Together, with the unwavering support of parents, teachers, and students, I am confident that we will continue to illuminate our school community with excellence.

With warm regards,

Amena Hareem

STUDENT WELLBEING DEPARTMENT

HEAD'S MESSAGE

Dear Students,

I am delighted to address you in this year's school magazine. Our focus on student wellbeing is not just about addressing immediate needs, but also about equipping you with the skills and mindset to navigate life's challenges effectively. One of the most profound insights we can share with you is the incredible power of focus. At any given moment, each of us experiences a mix of positives and negatives in our lives. This balance is a natural part of the human experience, and while we may not always have control over these circumstances, we do have control over our response to them. This is where the power of focus comes into play. By consciously choosing to focus on the positive aspects of our lives, we can significantly influence our reality and overall well-being. Focus is more than just a mental exercise; it is a tool that shapes our perceptions and experiences. What we choose to concentrate on expands and becomes more prominent in our lives. By consciously directing your focus toward the positives and engaging in activities that build concentration, you are setting the foundation for a happier and more successful life. Let us all commit to making mindful choices that enhance our focus and well-being. Together, we can create a school environment where positivity thrives, and each one of you can achieve your full potential.

Warm regards

Abshan Mirza

SCHOOL PSYCHOLOGISTS' MESSAGE

Shazia Umar

Dear Students,

It is all about respecting others in spite of their differences and creating a focal point which highlights not the differences but the similarities in an individual or group. This involves empathy and being able to not necessarily agree but be able to understand the perspective of others to build social harmony. Let's make a peaceful and harmonious school environment together.

Warm regards,
Shazia Umar

Aiza Kamran

Dear Students, Faculty, and Parents,

As the school psychologist, I am privileged to witness firsthand the incredible potential within each of you. One of the most powerful tools we possess is the ability to cultivate positivity in our daily lives. Positivity is not just a fleeting emotion; it is a mindset that can profoundly impact our overall well-being and success.

In our school community, fostering positivity is a collective effort. It begins with simple acts of kindness and empathy, whether it's offering a helping hand to a struggling classmate or sharing words of encouragement with a friend. By creating a supportive and inclusive environment, we empower each other to thrive. Moreover, practicing gratitude is a powerful way to cultivate positivity.

Taking time each day to reflect on the things we are thankful for can shift our focus from what's lacking to what we have, fostering a greater sense of contentment and joy.

As we embark on this journey together, let us remember that positivity is not just a destination but a continuous practice. Let's embrace each day with a hopeful heart and a resilient spirit, knowing that together, we can create a brighter, more compassionate world.

With warm regards,
Aiza Kamran

Saima Suleman

Dear students,

As a psychologist, I cannot stress enough the importance of setting goals and targets for yourselves. Goals give you a clear direction and purpose, helping you stay focused and motivated. They allow you to measure your progress and celebrate your achievements, no matter how small they are. Setting targets also builds resilience and problem-solving skills, as you learn to overcome obstacles along the way. Most importantly, having goals helps you to grow personally and academically, paving the way for a successful and fulfilling life. Remember, every big achievement starts with a small, well-defined goal. Set goals to turn your dreams into reality and unlock your true potential.

Warm regards,
Saima Suleman

ALL ABOUT SWD

Throughout the year, our Student Wellbeing Department has actively engaged in numerous workshops catering to both students and teachers alike. These workshops have been thoughtfully designed to address various aspects of mental health, stress management, and overall well-being. By fostering open dialogue and providing valuable resources, we've strived to create a supportive environment conducive to personal growth and academic success. From mindfulness sessions to self-care practices, these initiatives aim to empower our school community with the tools necessary for resilience and flourishing. Together, let's continue nurturing a culture where well-being is prioritized and celebrated.

HEAD GIRL'S MESSAGE

From the moment the first Head Girl for Learning Alliance Faisalabad was announced at the proclamation, I knew that I wanted to become the Head Girl one day, and now I can't believe my time in the role is nearly over.

It's been a tremendous honor to serve as Head Girl this past year. Alongside Abdullah, our Head Boy, and the rest of the student council, we've worked hard to revive energy, ideas, and unity to our school. Through the events we organized - like our schools first and the town's biggest MUN@LA and the vibrant legacy of Sportacus with a bigger and better concert - we've shown what teamwork and dedication can achieve the impossible, we've changed history by conducting two mega events in one academic year.

Throughout my tenure I saw firsthand how much our school community has to offer. The energy and enthusiasm from students were awe-inspiring, reminding me why our school is such a special place. It's not just about events or accolades—it's about the friendships and memories we've created together.

Our success has been possible thanks to the incredible support from our teachers, especially Ma'am Zaira, Ma'am Maira, and Sir Waleed, who always believed in me and guided me whenever we needed it. To my juniors, your enthusiasm and support have been the driving force behind everything we've accomplished. I hope you'll continue to build on this legacy, making our school even greater.

While I'll miss this school and the amazing people I've met, I leave knowing that our community is strong and filled with talented individuals. Keep reaching for greatness, and remember that even small efforts can lead to big changes.

Thank you for allowing me to serve as your Head Girl. This role has been an unforgettable journey, and I'm grateful for every moment. We've set the bar quite high, carry the torch well!

Eman Nazar Shah

HEAD BOY'S MESSAGE

It's hard to believe my time as Head Boy is almost over. When I first took on this role, I had no idea just how much I would learn and grow. Now, as I reflect on my journey, I understand that leadership is not just about having a title - it's about inspiring others and fostering a strong sense of community.

Serving as Head Boy has been an incredible experience. I've had the privilege of working with a fantastic team, including our Head Girl and the student council, who helped organize the biggest Model United Nations (MUN) in town.

We also held our school's annual sports festival, Sportacus, which brought out the best in our athletes and energized the entire school.

These events were more than just highlights - they demonstrated the talent and dedication that make our school unique. I was lucky to be a part of it and to see everyone come together to make these events a success.

The support from our teachers and staff was invaluable. Their guidance helped us stay focused, and their encouragement made a huge difference during challenging times.

As I step down, I am confident that the juniors will continue to build on our successes. I hope you all remember that leadership is about teamwork and making a positive impact. Keep working together and strive for greatness.

Thank you to everyone who made my time as Head Boy so memorable. I wish you all continued success and look forward to seeing where the future takes us.

“TRANSITION TO IGCSE”

O LEVEL CLASS OF 2023

WHY IGCSE?

Better published resources

IGCSE Coursebooks are more learner friendly. Study & Revision Guides and Exam Success series complement these books.

Better online resources

More online study and revision resources are available e.g., SaveMyExams, ZNotes, Blitz Notes and Physicandmathstutor, Shawonotes, studymindtc

More relevant

New topics are initially introduced into the IGCSE syllabus before being incorporated into O Levels, often with a delay of more than a couple of years.

Transition to A levels

IGCSE is geared towards critical analysis, and application of knowledge, IGCSE offers a smoother transition to Cambridge A Levels.

International Transfer Students

IGCSE would help in a seamless transition as O Level is only offered in 10 Commonwealth countries whereas IGCSE is offered globally.

Forward thinking schools

Many reputable institutions have embraced this approach, recognising its effectiveness in preparing students for a globally competitive landscape.

INDIVIDUAL GUIDANCE

We encourage independence, confidence and ambition in all our students. Our teachers play a pivotal role in giving each student individual attention and quality time. Preparing and educating students about selecting the right subjects is an integral aspect of our guidance system.

COMMUNICATION

Teachers regularly report on their student's performance. More importantly, any concerns regarding any student are immediately addressed by the teacher to the relevant department head. These reports include comments about homework completion, grades, attendance, effort, ability, punctuality and participation.

We also encourage parent-teacher communication so that the individual progress made by each child may be assessed and monitored throughout their course of study.

DISCIPLINE

Establishing discipline within every child is the key to a successful educational experience. Scheduling and following timelines is of paramount importance to students and educators alike. Not only does it teach efficiency, it also allows individuals to yield their best results in the short and long run. The high expectations we have of our students and staff continue to produce excellent results throughout our junior and senior classes.

OUR ETHOS

We believe in encouraging our students to be independent and self-motivated learners, who understand that self-regulation is the first step towards adulthood. Education is not only about academic success, but also about preparing our students to be more responsible and informed 21st century citizens, who not only respect themselves but also others.

Life at Learning Alliance is all about a commitment to:

- Creating a culture of high expectations and outstanding achievement.
- Delivering high quality teaching and learning.
- Developing a broad range of life skills to ensure our students fulfil their potential.

We encourage our students to:

- Lead by example and be positive role models for younger students.
- Be independent and confident.
- Have integrity, be ethical and honest.
- Be goal oriented and focused on their objectives.
- Be committed to their beliefs and have the courage to stand up for them.
- Be passionate and proactive, both as individuals and as team members.
- Be free from prejudice and acknowledge diverse cultures and backgrounds.
- Show empathy and respect the needs and feelings of others.
- Understand their shortcomings and make a conscious effort to make personal improvements.

Facilities

Resource Room

The Resource Room offers access to Wi-Fi, laptops and a wide collection of reference books. The room's ambience allows students to focus and work on their assignments with concentration.

Media Studies Laboratories

All pupils have access to top of the range hardware and software. The school's ICT suite has a network of PCs linked to the internet by broadband. In addition, we have trainee professionals present to supervise and help students with technical tasks.

Science Laboratories

Our Science Laboratories are fully equipped to meet student requirements for course
